SPORTSMEN FORM ASSOCIATION

STARTS OUT WITH GOOD MEMBERSHIP. OFFICERS ELECTED.

A sportsmen's association was organized Monday night at the Board of Trade rooms. The object of the organization is to create a central body through which the sportsmen of this county may unite to work for the conservation and propagation of game and fish, and which may speak as a united body upon all proposed legislative enactments, affecting the interests of sportsmen; to assist in the re-stocking of game fields and public waters. To these ends it will act in unison with state and federal authorities who aim at similar ends.

There was a good attendance at the meeting, at which time the following officers were elected:

President—Marius Hanson.
Vice president—Dr. C. A. Canfield.
Secretary-treasurer—O. P. Schumann.

In addition to the above officers, the following compose the board of directors: Esbern Hanson, Claud Gilson, P. G. Zalsman, Al. Cramer, Reuben S. Babbitt, Harry Simpson and Herb. Gothro.

The membership fee is \$1.00 and annual fee \$1.00 per year. The name adopted is Crawford County Sportsmen's Association. The annual meeting will be held in August when directors and officers will be elected. The association starts out with bright prospects for a large and enthusiastic membership.

A committee has been appointed to represent the association at the sportsmen's meeting that is called to be held in Gaylord next Monday, to consider a change of game laws relative to the catching of trout in Northern Michigan streams.

BOOK OF MICHIGAN LAKES.

"The Inland Lakes of Michigan" by Professor I. D. Scott of the University of Michigan has just been received in the office of the Geological Survey Division of the Conservation Department.

This publication is the result of several summers' study of the lakes of Michigan by Professor Scott authorized by the former Board of Geological Survey. The studies were made under the direction of State Geologists R. C. Allen and R. A. Smith. The book contains careful description of the origin, history and present conditions of the lakes, their basins and shores, especially of the large lakes of the State and brief reviews of many of the smaller important lakes. Tourists, students and teachers of geography and owners of lands adjacent to the lakes will find the book interesting and valuable. It is copiously illustrated by excellent halftones and many drawings.

Publications of the Survey are sent gratis to citizens of Michigan for postal charges only. The publication on the Inland Lakes is publication 30, Geological Series 25 of the Michigan Geological Survey, it may be obtained by addressing the office of the State Geologist.

ORGANIZE BOY SCOUT TROOP.

A troop of Boy Scouts were organized Monday evening with headquarters in the M. B. church. The church gymnasium will be used for play and drills, and for the present they will meet every Monday night from 7 to 9. Any boy in town that wishes to join this troop, can do so by either coming or sending in their names next Monday evening. There are now twenty-two on the list, and it is expected that in the near future there will be a full troop. What we lack is a good Scout Master, and we would be pleased to hear from any young man who would like to take this troop.

LOCAL AUTO OWNERS FORM CLUB

GOOD REPRESENTATION OF AUTO OWNERS ATTEND MEETING.

The need of an Automobile club in Grayling has been felt for a number of seasons because of the many matters arising that could properly be handled by such an organization. Thru the efforts of George Burke and a few of our other citizens, a meeting was announced for Tuesday night of this week, where the question of organizing was discussed and it was the unanimous opinion of those present that we should have a club.

The objects and purposes of the club are more fully set forth in the following paragraph:

Objects and Purposes.
To promote and foster the adoption and enforcement of reasonable and useful traffic ordinances and motor vehicle laws; to promote the establishment and construction of permanent highways for traffic; to interest automobile owners and drivers in the principles of "Safety First," as applied to automobile traffic; to promote touring and to obtain and furnish touring information and the necessary signposting of public highways; and to co-operate in any work or movement which may tend to benefit the automobile driver, user, owner or manufacturer.

Following are the officers and directors elected:

President—George Burke.
Vice president—E. S. Houghton.
Secretary—A. J. Nelson.
Treasurer—Esbern Hanson.

The board of directors consists of the above officers and Harry Simpson, Marius Hanson, Charles Schreck, William McNeal and Rev. C. E. Doty.

The membership fee is \$5.00. This money will remain in the local organization and it is the intention to put it to good use in such manner that will be of benefit to owners and drivers of automobiles.

T. N. T.

AN EXPLOSION OF PEDIGREED TRUTH.

"There is so much good in the worst of us."

So much had in the best of us, Never behoves any of us, To talk about the rest of us."

Evelyn Johnson has entered the 3rd grade.

Mark Lewis, Lois Sorenson and Billy McLeod have returned to school after a period of illness.

William Muth has entered the 3rd grade after being absent for some time.

Each class is being given an opportunity to have a special program. This Friday afternoon the Sophomores will have charge. The following is their program:

Selection—High School Orchestra.
Singing—High School Glee Club.
Solo—Frances Corwin.
Solo Dancing—Alma Schmidt.
Selection—High School Orchestra.
Redephone.

All are invited to come.

There were two debates in Economics, Tuesday and Wednesday. Tuesday the Cash and Carry system of Marketing was discussed. Wednesday the Mail Order Houses.

We are sorry to state that we made an error in the report of tardy marks for the High School last month.

There was no increase but a decided decrease. January brought up 29 tardy marks. February, 60. This makes an increase of 40. This is "Abominable."

This month there is showing 26 already.

Creva Hewitt is once more adorning one of the seats in the High School session room.

Guy Bell of Traverse City has enrolled in our school.

The students in the Physics class are finding out how little they know about electricity these days. (It might help to go further Physics.)

The 10B English class gave debates and arguments on the questions of "School Tax" and "Capital Punishment."

The winning teams will debate this Friday on the problem of "Restricted Immigration."

A great deal of inconvenience was caused Monday morning when it was found that the chairs borrowed from the class rooms Friday for use in the gymnasium had not been returned by those who borrowed them.

Did you ever hear of a Pedophone? It is a new kind of instrument to be demonstrated for the first time in Grayling at the Sophomore program Friday.

The school has a new alcohol stove, which can be used in scientific experiments.

Listen my dears and you shall hear spring vacation begins March 31. Only seven more days.

Note—We wonder why so many teachers are interested in the M. & N. these days.

The school have chosen monitors to have law and order by a student body, two from each respective class. They are to meet the other day to talk over the affairs and one member suggested that the use of clubs should be brought in. It is good to get the standpoint of all parties concerned.

The "boys" realize now that it pays to keep up in their subjects as they are going to the Tournament at Petoskey.

Ear Touchers.

Miss Fuller: "I shall now take some Hydrochloric acid and—"

Ruth McCullough: "That wouldn't be a bad idea."

Miss Bellows in American Lit: "Read your theme or poem."

Rose Cassidy: "I thought you wanted to have it written on one subject."

Miss B: "Oh, that's all right, read about the subject."

Rose C: "But I didn't get the subject."

Wilson Blisner to his dad: "Dad can you sign your name with your eyes shut?"

His dad: "Certainly."

W. B: "Well then, shut your eyes and sign my report card."

NELSON O. CORWIN FOR HIGHWAY COMMISSIONER.

Since the resignation of Len Isenhauer as Highway Commissioner, five months ago, Mr. Corwin has been holding that office by appointment. During that time there has been some very important tasks to come up for him to handle. Among them is the building of the new bridge across the AuSable river on State street. This structure is now complete and stands out as fitting evidence of the ability of Mr. Corwin in looking after important construction work. He has been found capable in every piece of work he has attempted.

He has resided in Grayling since 1892; he is well known by our citizens and needs no special introduction. He is a tax payer and is vitally interested in wanting to know that every dollar spent by the township is spent wisely and without waste. He will appreciate your vote on election day, April 3, and promises the tax payers that he will if elected render good and honest service. Advertisement.

It's Paper-hanging Time in Home-land

Therefore time to call us in to offer suggestions and bids on this work. All work guaranteed.

CITIZENS BAND RENDERS CONCERT

LARGE ASSEMBLAGE ENJOYS MUSIC AND DANCE.

The band concert and dancing party at the School gymnasium last Friday evening was one of the pleasant affairs of the winter season, as it was also last year, when the band gave a similar affair on St. Patrick's day. All seats in the balcony were taken and many sat on the benches that surround on the lower floor. There were ten numbers on the program and it would be impossible to tell which one proved the most appealing to the listeners, as all were finely rendered and were liberally applauded.

Following is the program in the order it was given.

Old Glory—Triumph March, by C. E. Double.

The Jungle Queen, Oriental two-step, by Barnard.

Glennora, cornet duet, by Barnard—Clark and Cody.

March for Liberty, by Morris.

Gypsy Blues, novelty—fox-trot, by Blake.

American Inevitable Fantasia, by C. L. Barnhouse.

Yoo-Hoo, fox-trot, by Al. Jolson.

Hausauer, selection, by Whener.

Tropical Blues, fox-trot, by Schroeder.

The Nash Automobile March, by H. L. Booth.

The concert was free to all and following the program, dancing was enjoyed, seventy-five cents paying the bill. There was a large crowd remained and the orchestra furnished the music. To make the evening more enjoyable, the Ladies of the blue division of the Eastern Star, served sandwiches, cake and coffee to those who wished it.

The proceeds of the affair, which amounted to a neat little sum, have been put into a fund to purchase new suits for the members. Last summer the Citizens' band won high praise at the Northeastern Michigan Fair in Bay City, the Tawas City Fair and other engagements that they filled and came home having put Grayling a notch higher in their neighbor's estimation for having such a lively organization in their town. May their good work continue.

MICHELSON-MEMORIAL CHURCH

Tuesday evening, March 14, Mrs. Howard Musser gave a very interesting presentation of the foreign missionary work of our church to a group of sixty women. A social hour followed the meeting.

A fair-sized group met for the devotional hour last Thursday evening. More should come each week.

The storm knocked the top off our record in the Sunday School last Sunday, but they will all be back next Sunday with some new ones.

The girls choir added to the interest of the evening service last Sunday. This youthful choir will be one of the coming events every now and then.

Miss Laura Thompson is at the piano again and managing the music.

Make next Sunday the big Sunday of March. Fill the pews to the limit. Everyone invited.

The big wireless will be installed as soon as a suitable deal can be made with a reliable company. Has everyone given his bid to this public improvement? See the pastor of the church.

Farm Bureau Notes

R. D. BAILEY
County Agricultural Agent

Delighted!

I shall not force my services upon anyone, but it will be a pleasure to discuss with any citizen of Crawford County problems, as they arise, relating to garden; choice, setting and care of flowers and shrubs; selection and care of fruit and shade trees; starting new lawns or improving old ones; improving appearance of town or country home by lawns, drives, flowers, trees or shrubs.

Catalogues On Hand.

In the office, over post-office, I have a choice collection of catalogues from which to select day-old chicks, strawberry, raspberry, blackberry, currant plants, and ornamental shrubs, and fruit trees.

I am not agent for these; and keep the catalogues merely as an assistance to our citizens who will handle their own orders and money.

Building Plans.

No matter what you want to build, garage, house, barn, milk house, digger, or hen house, of wood or cement, I have plans in this office from highest authorities for your inspection.

Better take advantage of ripe experience of others than tie up good material in architectural monstrosities, which means, in plain English, buildings that are unhandy and do not look good.

Six Feet of Sweet Peas.

It is not a mark of mental breakdown or of a silly for a man to be interested in vegetables and beauty around his premises.

It is not enough merely to rip crops from the soil, and to have a place to sleep and to go into out of the storm.

The graded lawn, well mowed; two or three clumps of evergreens; not too tall; woodbine climbing up a lattice; poppies scattered through the garden, to brighten it; a trellis covered with wild cucumber, or Clematis paniculata; a hedge of the beautiful Spirea Van Houttei, cost but little and help a lot.

Many a tired, discouraged farm woman would find refreshment in a six-foot row of sweet peas.

Though we are still going about on runners, it will soon be time to plant these peas.

We farmers who have the land, tools, team and labor are the last people to have a lawn. It should not be so.

Seven Points of Supremacy

1. The sole leather used in "FOOT-FITTERS" is of the best quality obtainable. Even the insoles are cut from standard outside leather.
2. "FOOT-FITTERS" are the only shoes in the world having full length ramps and sole leather box toes. The feature prevents ripping at the tip and makes a smooth outer and inner surface.
3. The insoles are shapely, channelled so that they fit slightly against the outside. There is no need of room for a cork filler. A small piece of duck is used to prevent squeaking.
4. The Galfatin inside counter pocket is of great value, for it saves the wear on the heels. There is no rough surface to rub against.
5. "FOOT-FITTERS" heels are 1/2 inch longer than generally used. They give additional support to the arch and increase the comfort and wear of the shoe.
6. The vamp is reinforced with 3-on-duck. This absorbs the moisture from the foot, keeps the vamp from cracking and holds the shoe in shape.
7. Edmonds' "FOOT-FITTERS" shoes are called "FOOT-FITTERS" because they fit the foot snugly. Built on combination lasts they support the foot like a doctor's badge. "FOOT-FITTERS" give Comfort, Service and Appearance.

Grayling Post 106 will hold their regular meeting at I. O. O. F. Temple next Monday night. We had a fine turnout at our last regular meeting. Keep coming regularly buddies and you won't want to miss a meeting.

We are a little late, but no less enthusiastic, in announcing the arrival of baby Jean at the home of Mr. and Mrs. Herbert Wolf of South Bend, Ind. The Avalanche joins their many Grayling friends in congratulations.

A number of linemen of the Michigan State Telephone company have been in the city the last few days repairing telephone wires. Grayling is said to be entirely without service since the ice storm last Saturday and Sunday.

William McNeal was called to Lima, Ohio last week to attend the funeral of his mother, Mrs. Alvin McNeal. The latter has visited Grayling on a number of occasions and had a number of friends who will be sorry to learn of her death.

Rev. Kjolhede celebrated his 78th birthday anniversary last Thursday, March 18th. As in former years his home was invaded by old and young, who came to offer their congratulations and wishes for many happy returns of the day.

Here's hopin' that our school team wins the cup at the conference games that are to be played at Petoskey Friday and Saturday. Supt. Smith will accompany the team because Mr. Morrow will have to remain here to play with the Independents against the Detroiters Saturday night.

We have just put in a line of high grade cards. The stock consists of greetings for Easter, Mother's day, congratulations for commencement, engagements, weddings, birth cards and sentiment cards. Also a new line of place cards and favors.

B. A. Cooley at The Gift Shop.

The members of St. Mary's parish enjoyed Friday evening at the Knights of Columbus hall, in honor of St. Patrick's day. This is one day during the Lenten season that is not included in the regulations. Cards were enjoyed during the evening followed by lunch. Everyone present enjoyed themselves very much.

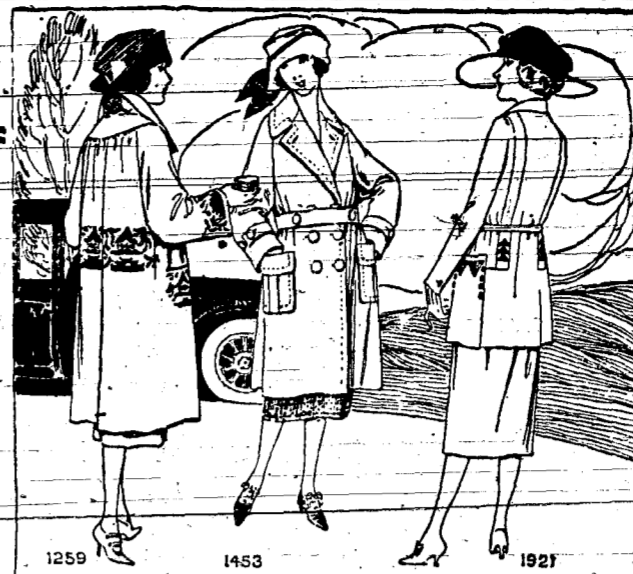

The It Suits Us club met with Mrs. Hans Petersen Tuesday evening and she served a most delicious lunch. Mrs. P. P. Mahoney, Mrs. Charles Schreck and Mrs. Earl Dawson were guests of the club. Mrs. Efner Matson held the highest score in "500" and Mrs. Adler Jorgenson was awarded the consolation prize.

The American Legion has a number of local members who are desirous of securing employment and will appreciate hearing from anyone who has any work to offer, either temporary or permanent. Here is a chance for anyone who wants to help the service man. Call or see Harry Hemmingson, post adjutant; Wilfred Laurant, post finance officer, or Emil Giegling, post commander.

Don't miss the Detroit-Grayling basketball game Saturday night. The price is a little higher than usual but the game will be worth it. A guarantee of \$175 had to be given in order to get the Detroit team to Grayling. We believe that if there is any team in Northern Michigan that can beat that organization it is the Grayling Independents, and don't let it surprise any of our readers if Grayling wins.

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. A. M. Lewis, druggist.

Miss Edna Bebb was home from Bay City for a few days last week owing to the illness of her mother, Mrs. John Bebb. She was accompanied by her niece Miss Violet Seely.

Little Billie Joseph was 2 years old Wednesday and to celebrate the occasion, Mrs. Joseph invited 9 little friends to spend the afternoon. The children had a fine time and little Billie had a collection of lovely gifts to remember the day with. In the evening several of the older ladies and gentlemen came for dinner and Bridge. Mrs. C. A. Canfield and Holger Hanson were the lucky holders of the high scores.

Mrs. Edward Gibbons returned Tuesday morning from Union City, where Mr. Gibbons was called owing to the critical illness of his daughter, Mrs. Eugene Payea, who was formerly Miss Libbie Gibbons. A little daughter was born to Mr. and Mrs. Payea, Saturday, March 4. Mrs. Payea during the latter part of the week was removed from her home in Union City to a sanitarium in Battle Creek, where little hopes are held of her recovery. Her husband is detained at his home suffering with an attack of the flu.

The Ladies National League gave a hard times party at the G. A. R. hall Saturday night. Their husbands were invited and each member asked two friends. All had been expected beforehand that they would be fined if they came in their best dress. Mrs. John Holliday and Mr. John Charles received the prize for being the most ragged. Pedro was enjoyed until late in the evening when it was time for lunch. Each lady brought enough for two and coffee was prepared at the hall. First prizes for Pedro were won by Mrs. H. Feldhauser and Mr. Burton Mitchell. Everyone had a fine time as they usually do when they are guests of the Ladies National League.

The T. S. T. club enjoyed two pot luck parties during the past week. Last Thursday evening the members were to have met at the home of Mrs. Frank Kernes, but owing to the fire in her home, met with Mrs. Clarence Brown. First, second, and consolation prizes were won by Mrs. Olive McLeod, Miss Arvey Tetu and Mrs. Harvey Trudo respectively. The following day being St. Patrick's day shamrock tally cards were used and the lunch was carried out in St. Patrick's fashion, with decorations of green. On Tuesday night Mrs. Edward King opened her home to the club. Prizes for "500" were awarded to Miss Arvey Tetu, Miss Frances Vagina and Miss Beale Brown.

The real joy of life is in the struggle to achieve—that's the reason why there is no rest.

You get your money's worth when you buy Tanlac because it produces results. A. M. Lewis, druggist.

Dr. M. S. Rice, the Detroit clergyman told a good story at the Detroit Rotary conference the other day. He said he was over at Cleveland a few days attending a Methodist conference. A bell hop rather disgustingly inquired of Dr. Rice, "Who are youse guys?" "Methodist preachers," answered the clergyman pleasantly, rather sensing the negative attitude of the bellboy toward such a conservative crowd. "Well I thought so," said the lad, "you came here with the ten commandments and a two dollar bill and haven't broken either of 'em."

Just after the huge mountains of snow in the yards had about melted and the people had begun to believe that spring was near at hand, Saturday night and Sunday handed out snow storms that jarred our hopes of shaking off the white mantle of winter for several days at least. Added to this a light sleet storm decorated everything until all was glistening and polished with ice. Slight damage was done some of our telephone and electric wires and gave us a glimpse of what the towns further south had to suffer during the sleet storms that razed hundreds of telephone poles, miles of wires and broke down most of the shade and fruit trees. We are lucky in getting off so easily.

Sometimes it's better to forget than to remember.

Everyone loves the man who pays his bills promptly.

This may be helpful: Other people have troubles too.

Why so few banks go broke is plain to the man who borrows money from them.

Waste means that everybody loses. Anything is hard to do the first time.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 1/2 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

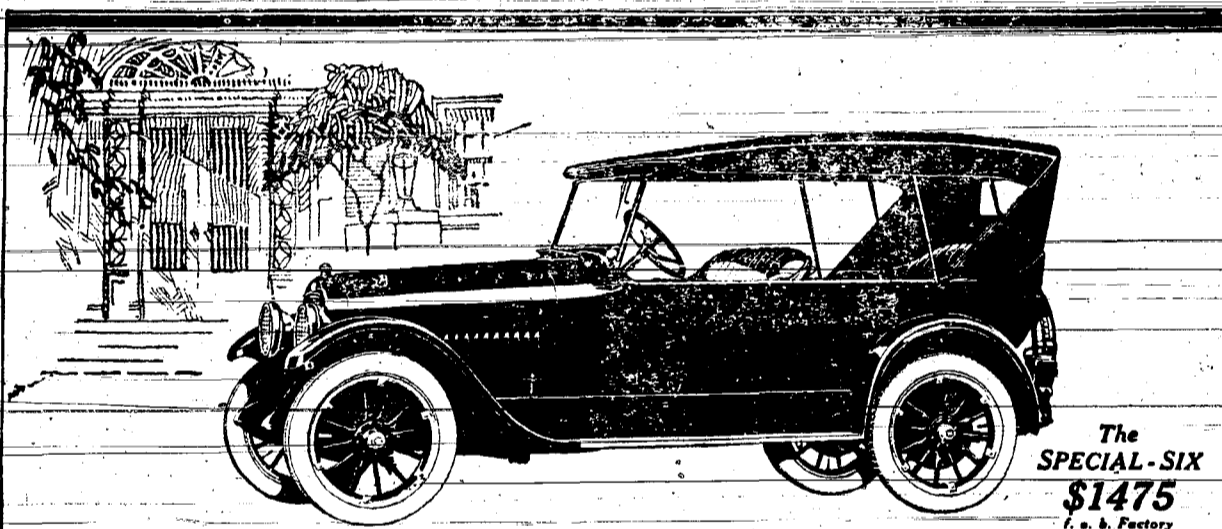

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

Studebaker Genuine Value

TODAY, more than ever before, it is to the buyer's interest to determine what is BEHIND his car as well as what is IN it.

In the SPECIAL-SIX, Studebaker offers a car, the enormous sales of which are the best proof of its value.

The SPECIAL-SIX has established itself in the minds of thousands of owners as an unusually capable, powerful, roomy and beautiful car. Its tremendous popularity contributed largely to the attainment of Studebaker's position as the largest builder of six-cylinder cars in the world.

But in addition to the value that is IN the SPECIAL-SIX, there stands behind it, an organization whose resources and permanence are assurances of continued service to the car owner and of protection to him not only today and tomorrow but in the years to come.

For 70 years, Studebaker has been building high quality vehicles and selling them at fair prices.

There are many reasons in addition to the unquestioned intrinsic value of the SPECIAL-SIX why it should be your motor car choice. You are urged to inspect this car NOW.

FARM BUREAU NOTES

Continued from first page.
Pigs: "Proper Feeding Saves Pigs." The Veterinary Column for this week is worth the price of the paper for many years.

What Do You Think of It?
That article in *Hoards Dairyman* for March 10, on "A Cow and a Creed?" Quite a touching and helpful story, isn't it? In the same paper, did you read that article from Wisconsin, "Soy Beans to the Rescue," and that one from Pennsylvania, "It Pays to Feed Silage?" That page of answers to dairy problems is splendid, isn't it? God help the farmer who doesn't read, and boasts of it.

Hairless Pigs.
(Mentioned now in order to give time enough for preventive treatment, as pigs are usually farrowed here in spring. Statements taken without change from Bulletin 297 of Wisconsin Agricultural College.)
It has become a menace to the swine industry in several states. When absolutely hairless and born alive they may live a few hours, but always die sooner or later.
Those with some hair may live if given special attention and care. More likely to be born from gilts than from old sows. More likely to be born in spring than fall.

Goitre is Cause.
Cause in both sow and young pig is goitre, an enlarged, improperly-working thyroid gland which is at center and base of throat.
Goitre in sows does not seriously affect her health, and does not affect her use for meat. Unless corrected, it does interfere with her breeding functions.
Thyroid gland of normal newborn pig about size of a pea, while that of a hairless pig is size of a hickory nut.
The gland in a normal sow usually not larger than a walnut although it varies somewhat in size; but, in a sow producing hairless pigs, it is the size of a man's fist.

Studies of goitre in the human race have shown that when the thyroid gland is removed, or its functions interfered with, as in goitre or in cancer of the thyroid, hair and nails cease to develop and skin of face and neck become thick and pulpy.

These conditions correspond very closely with those found in hairless pigs.

Use of Iodine Prevents Hairless Condition.
The thyroid gland forms a chemical substance containing iodine which it circulates through the blood stream.
This compound is of the greatest

importance in the proper development of an animal. When conditions arise requiring more of this compound, and the iodine supply in the food is not increased, the gland enlarges to let more blood pass thru it in a given time.
The thyroid gland of the hairless pig contains normal thyroid, but in its dried state, contains about two-fifths of one per cent of iodine.
The iodine supply in our feeding material is comparatively low, and this is true for all feeding materials. In most instances, however, there is enough iodine present in feeds when it is properly assimilated; but under certain conditions of life, exact analysis of which is not possible in present state of our knowledge, farm animals are unable to absorb sufficient amounts of iodine.

How to Use Iodine.
There is no way so far as we know of telling beforehand whether or not a sow has a goitre, but where hairless pigs have occurred on the farm it would be good insurance against their re-occurrence to use potassium iodide. At present prices, for this chemical a sow can be carried thru the entire gestation period for about 40 cents.
Special quick remedies should be avoided.
Nothing but iodine will do the work.
Use 1-3 of an ounce to each hundred pounds of grain fed. Do not use more.
It had better be fed the entire gestation period; or, at least, the last 75 days.

Plenty of roughage—alfalfa and clover hay—may do much to prevent hairless pigs.
Summer conditions like pasture and exercise are important factors in preventing this malady without use of potassium iodide.
Alfalfa or clover hay should form 2 per cent of the ration. If sows do not eat enough of the uncured hay to make about 25 per cent of the ration hay should be cut and mixed with other feed.
With 25 per cent of alfalfa in the ration, sows we have reared never had a case of hairless pigs.

The Big Fire at Cheboygan Did Not Burn the Tuttle Swedish Bath House.

Aren't you sick and tired of suffering from your aches and pains, lumbago, pleurisy, sciatica, neuritis, inflammatory rheumatism or nervous system down condition. Don't you realize that if you have rheumatism and you are unable to find relief at home that you will soon become a cripple and later you will have to give up all work. You won't be able to earn a living. Just say good-bye to all that worry and risk, and go to the Tuttle Swedish Bath House where thousands who were in the same condition as you are, have gone, and today they are able to do their work and indulge in sports. We treat both ladies and gentlemen.
Treatments \$2.00 each. Telephone or write at once. 3-16-2.

EXCELLENT REMEDY FOR CONSTIPATION.

It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.

THE PNEUMONIA MONTH.
March is typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.

NOTICE.
Whereas, default has been made in the payment of money secured by a mortgage dated the seventh day of December A. D. 1904, executed by George Mahon and Nettie Mahon, his wife, then of the Village of Grayling County of Crawford and State of Michigan, to Marius Hanson of the same place, which said mortgage was recorded in the office of the register of deeds in the County of Crawford and State of Michigan in Liber E. O. Mortgages on pages 568 and 569 on the eighth day of September A. D. 1905 at twelve o'clock M.

And Whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of Three hundred, forty six and 98/100ths dollars and the further sum of fifteen dollars, as statutory attorney fee, and which is the whole amount claimed to be unpaid on said mortgage, and no suit or proceeding having been instituted at law or in equity to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now Therefore, notice is hereby given that by virtue of the said power of sale in such case made and provided, said mortgage will be foreclosed by a sale of the premises therein described at public auction at the front door of the court house in the Village of Grayling in said County of Crawford, that being the place wherein is held the Circuit Court for the County of Crawford, on the seventeenth day of June, A. D. 1922 at ten o'clock in the forenoon of said day, which said premises are described as follows, to-wit:

All those certain pieces or parcels of land situate and being in the Village of Grayling in the County of Crawford and State of Michigan, and described as follows, to-wit: Lots Five and Six of Block Eight of Hadley's Second Addition to the Village of Grayling, Michigan, according to the recorded plat thereof.
Dated March 21st 1922.

CHAMBERLAIN'S COUGH REMEDY.

Nothing So Good for a Cough or Cold.
"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

ANNUAL TAX SALE FOR CRAWFORD COUNTY.

Starting with issue of March 9 and ending with issue of April 6 the list of lands in Crawford county to be sold for non-payment of taxes will be published in the *Avalanche*.
The sale of such lands will take place at the office of County Treasurer, Court-house, Grayling, Michigan, the first Tuesday in May, 1922.
All residents of Crawford county should compare their tax receipts with the published lists to ascertain whether or not their lands are advertised for sale.

PROBATE NOTICE.

State of Michigan,
The Probate Court for the County of Crawford.
In the matter of the estate of John K. Bullard, Grayling Mich., deceased.
Notice is hereby given that four months from the 11th day of March, A. D. 1922, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the Village of Grayling in said county, on or before the 17th day of July, A. D. 1922, and that said claims will be heard by said court on Monday the 17th day of July, A. D. 1922, at ten o'clock in the forenoon.
Dated March 11th, A. D. 1922.
George Sorenson,
3-16-2. Judge of Probate.

DEPARTMENT OF CONSERVATION.

Notice Fixing the Time and Place for Public Hearing Under Act 9, Public Acts 1917, as Amended.

State of Michigan ss
County of Ingham.

Petitions having been filed with this department, signed by twenty-five residents of each of the following counties of the State of Michigan, Wexford, Oscoda, Missaukee, Gladwin, Ogemaw, Osceola, Crawford, Ontonagon, Clare, Newaygo, Arenac, Alcona, Montmorency, Emmet, Cheboygan, Lake, Mason, Manistee, Grand Traverse, Leelanau, Benzie, Alpena, Charlevoix, Antrim, Kalkaska, Iosco, Presque Isle and Keweenaw asking that a time and place be fixed for a public hearing to determine the advisability of regulating the size and manner of taking brook trout in the waters of said counties, as now fixed by law, because of the threatened depletion or extermination of such fish in the waters of said counties.

THEREFORE, I, John Baird, Director, Department of Conservation, do hereby designate and fix the said time and place for the said public hearing as follows, to-wit: the said hearing will be held at the Court House in the City of Gaylord in the County of Otsego on the 21st day of March, 1922 at ten o'clock in the forenoon, which hearing may be continued or adjourned for such time as may be deemed advisable by the said Director to afford all persons interested an opportunity to be heard in regard to the petition to regulate the size and manner of taking said brook trout.
Given under my hand and seal this 3rd day of March, 1922.
JOHN BAIRD,
3-9-3. Director.

MORTGAGE SALE.

Whereas, default has been made in payment of money secured by mortgage dated October 9, 1916, executed by G. W. Cupp and Nettie I. Cupp his wife, Mansfield, Ohio, to Mrs. Libbie Robinson, of Mio, Mich., which said mortgage was recorded in the office of the register of deeds of Crawford county in Liber H of Mortgages on page 275 on December 6, 1916.

And, whereas, the amount claimed to be due on said mortgage at this date is \$681.40 principal and interest and Twenty-five Dollars attorney fee stipulated for in said mortgage, which is the whole amount claimed to be unpaid on said mortgage, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now, therefore, notice is hereby given, that by virtue of said power of sale and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the front door of the court house in the Village of Grayling, in said Crawford county, on the 17th day of March, next, at 1 o'clock P. M.; which said premises are described in said mortgage as follows, to-wit:
The South Half of the Southeast Quarter and the Southwest Quarter of the Southwest Quarter of section twenty, township twenty-five north, range one west, Crawford county, Michigan.
Dated December 14, 1921.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. If you are inflamed you have a running nose or imperfect hearing. The mucous membrane is closed. Deafness is the result. The inflammation can be reduced and this tube restored to normal condition. Your hearing will be restored forever. Many cases of deafness are cured by catarhal medicine which is an inflamed condition of the mucous surface. Hall's Catarhal Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarhal Medicine. Circulars sent free.
